WORK HISTORY

Medical Director, Pediatric Hospitalist, 06/2025 - Current

Wayne Memorial Hospital – Honesdale, PA

- Enhanced interdisciplinary teamwork with effective communication and collaboration among healthcare professionals.
- Mentored junior physicians and medical students, fostering their professional growth and clinical skills development.
- Conducted newborn evaluations and screenings shortly after birth for early identification of potential health concerns.
- Supervised clinical staff, providing continuous professional development opportunities and training to maintain and strengthen competencies.
- Conducted ongoing evaluations of medical practices, ensuring adherence to evidence-based guidelines and best practices.
- Maintained thorough documentation of patient encounters, facilitating seamless coordination between healthcare providers involved in each case.
- Served as an advocate for families during critical decision-making processes, ensuring their concerns were addressed and understood.

Pediatrician, 04/2024 - 05/2025

Pediatric Associates of Kingston (PAK) – Kingston, PA

- Improved patient satisfaction by providing compassionate care and addressing individual concerns.
- Enhanced clinic efficiency by streamlining processes and implementing electronic health records.
- Collaborated with multidisciplinary teams for comprehensive patient management, resulting in better overall health outcomes.
- Diagnosed and treated various pediatric conditions, ensuring optimal health for patients.
- Mentored medical students and residents during their rotations in pediatrics, shaping future healthcare professionals.
- Participated in community outreach events to promote child health awareness and provide free consultations to underprivileged families.
- Diagnosed and treated patients suffering from chronic conditions.
- Established a strong rapport with patients and their families, creating a trusting environment for open communication and better adherence to treatment plans.
- Educated parents on preventive measures to maintain children's well-being and reduce hospital visits.
- Utilized evidence-based practices to improve the quality of care provided to pediatric patients.

Director, Pediatric Public Health Initiatives/Pediatrician

Associate Program Director for Family Practice Residency Program, 02/2020 - 03/2024

The Wright Center For Community Health – Scranton, PA

- Directed work of key team members to create best practices for underserved pediatric populations
- Developed and updated department goals and achievements throughout fiscal year.
- Remained educated on emerging healthcare technologies and wrote proposals for possible purchases of new equipment to stay at forefront of innovation.
- Increased vaccination rates by 55% in community service area.
- Actively participated in medical education initiatives for Family Medicine residents and medical students.
- Responsible for pediatric rotation coordination and integration into the curriculum of the residents and students.

Chief of Pediatric Hospitalist Services, 02/2020 - 03/2024

The Wright Center For Community Health – Scranton, PA

- Oversaw program development, resident supervision, and staff coordination
- Initiated interaction with primary care physicians to determine admission and discharge plans for patients.
- Coordinated patients' admissions and discharges, working closely with family members and case managers to line up any additional care needs.
- Increased patient satisfaction scores by 30%.

Chief of Pediatrics, 06/2020 - 03/2023

Moses Taylor Hospital – Scranton, PA

- Encouraged coordination and cooperation among departments and continuous review of interdepartmental processes to support quality control and improvement.
- Attended meetings to make informed business decisions, provide administrative support and evaluate progress toward goals and objectives.
- Advocated for licensed bed increase from 3-10 beds to increase availability of care.
- Worked effectively in fast-paced environments.
- Worked well in a team setting, providing support and guidance.
- Demonstrated respect, friendliness and willingness to help wherever needed.
- Worked flexible hours across night, weekend, and holiday shifts.

Medical Director, Pediatric Critical Care Services, 01/1996 - 12/2019

Florida Pediatric Critical Care, PA – Wellington, FL

- Provided direct care and supervision to a total of 30 pediatric ICU beds and 79 general pediatric beds at 4 different facilities across southeast Florida.
- Oversaw the operation of a procedural sedation clinic for pediatric imaging and infusions.
- Oversaw inpatient pediatric operations across four hospitals in Southeast Florida.
- Development and oversight of policies and procedures for the Pediatric Department.
- Designated as the hospital's Pediatric Ambassador for community outreach and other events as called upon by the hospital administration.
- Managed multidisciplinary teams, fostering collaboration between various healthcare professionals for optimal patient care.

Program Director, Pediatric Residency Program, 01/2006 - 06/2017

Florida Pediatric Critical Care, P.A. – Loxahatchee Groves, FL

- Assistant Program Director and later Program Director for the Pediatric Residency Program at The Children's Hospital at Palms West. This was part of the PBGME consortium.
- Responsible for the pediatric education of over 50 new pediatricians that are currently practicing across the country and who have completed fellowships in many specialties.
- Supervised other residents from multiple other PBGME residency programs.
- Faculty appointments to multiple medical schools.
- Provided pediatric rotations for medical students of these medical schools
- Monitored program performance to identify areas for improvement.
- Provided ongoing direction and leadership for program operations.

Pediatric Intensivist, 07/1989 - 12/1995

Good Samaritan Medical Center – West Palm Beach, FL

- Diagnosed and treated patients suffering from acute and chronic conditions.
- Teamed with other physicians, specialists and health care providers to provide well-rounded care for complex cases.
- Stayed abreast of advances in treatments, emerging pharmaceutical applications and new diagnostic tools for application in Pediatric medicine.
