Dana Point, CA 92629

Professional Experience and History

Steyn Visagie is a Professional Land Surveyor and forensic animator with 25 years of experience in surveying and mapping. For the past 10 years he worked in the forensic industry specializing in scene reconstruction and mapping, photo and video analysis, animation production, and spatial analysis.

Vantage Point Forensic *2024 - Present*

Owner and independent consultant specializing in forensic animations, scene mapping, and scene reconstruction.

MEA Forensic *2014 - 2024*

Fulfilled various roles at this multidisciplinary forensic firm:

- designated expert/consultant for surveying and mapping specific matters
- managed in-house mapping operations, spatial analysis, and exhibit drafting services in support of other experts in other fields
- reconstructed hundreds of accident/incident scenes
- produced forensic animations
- testified in trial
- inspected, documented and mapped dozens of train and bus accident scenes for Los Angeles County Metro Transit Authority
- developed in-house mapping and animation protocols

WestLand Group, Inc. *2012 - 2014*

Project manager and project surveyor for surveying, mapping and design services to Southern California Gas Company.

Rouse-Sirine Associates, Ltd. *2002 - 2012*

Project manager and project surveyor serving clients in the public sector with surveying and mapping services. Implemented new technologies (at the time) such as Real Time Kinematic GPS, robotic total stations, and 3D laser scanning.

C.K. Rumboll & Partners *1999 - 2002*

Land surveyor-in-training and project surveyor.
