

DR. P A U L H . J A N D A, ESQ., FAAN, WHARTON MBA
Neurologist/Attorney (Admitted in DC, IL, NV, and NY)

EDUCATION

Wharton, University of Pennsylvania, Master of Business Administration with Double Major in Finance and Strategic Management, 2025

University of Nevada, Las Vegas, William S. Boyd School of Law, Doctorate of Jurisprudence, 2016

Touro University College of Osteopathic Medicine, Medical Degree, 2007

University of California at Berkeley, Double Major: Molecular and Cell Biology, and Psychology, 2001

Stanford University,– Premedical Curriculum, 1995

CLINICAL EDUCATION AND TEACHING

Valley Hospital Medical Center

Neurology Residency Program Director

The program director of the neurology residency. Created a comprehensive didactic schedule, managed attending physicians, coordinated teaching rounds, and continue to formulate a thorough residency program. 2014 to present.

William S. Boyd School of Law

UNLV Health Law Program Advisory Board Panel Member

Design, assess, implement, and modify a legal education curriculum designed to promote the development of legal scholarship pertaining to law and healthcare for this top tier law school. 2015 to present.

Valley Hospital Medical Center

Neurology Residency Program Attending Physician and Core Faculty

Serve as an attending physician in the instruction of neurology residents. Participated in teaching rounds and board review with the neurology residents. 2012 to present.

UNLV School of Medicine

Clinical Curriculum Committee Member

Chosen to serve on a committee to structure the medical education of students pursuing a medical education at the medical school. 2016 to present.

UNLV School of Medicine

Clinical Education Subcommittee Member

Serve on a committee to structure the specific formulation of medical education of students pursuing a medical education at the medical school. 2016 to present.

UNLV School of Medicine

Adjunct Clinical Professor of Neurology

Served as a resource for teaching a variety of academic and clinical experiences in neurology. 2016 to present.

Touro University College of Osteopathic Medicine, Nevada

Adjunct Assistant Professor of Neurology

Lectured neurology subject matter to first year medical students and trained medical students rotating on the neurology service. 2012 to present.

Touro University College of Osteopathic Medicine, California

Adjunct Assistant Professor of Neurology

Lectured neurology subject matter to first year medical students and trained medical students rotating on the neurology service. 2012 to present.

**Grand Canyon University
Instructor of Neurology**

Served as a neurology instructor to students on their neurology clerkships. 2017 to present.

NEUROVASCULAR TRAINING

Wake Forest University School of Medicine

Neurovascular Interpretation

Reviewed the principles, applications, and interpretation of Carotid Duplex ultrasound and Transcranial Doppler. Reviewed more than 100 Carotid Duplex cases and 100 Transcranial Doppler cases in accordance with the American Society of Neuroimaging. 2011.

University of California at Los Angeles School of Medicine

UCLA Transcranial Doppler and Cerebral Blood Flow Monitoring Fellowship

Participated in formal didactics and hands on training to learn the technique, application, and introduction to the interpretation of Carotid Duplex Ultrasound and Transcranial Doppler. 2011.

CLINICAL PRACTICE

Las Vegas Neurology Center

CEO and Chief Legal Officer

Serve as the first and only neurologist-lawyer in the State of Nevada and also as the founding member and director of this multispecialty neurology practice. The group has inpatient and outpatient components. 2012 to present.

EXPERT WITNESS & EXPERT TESTIMONY

Legal Expert in Neurology

First-and-only board-certified Neurologist-Attorney in the state of Nevada. Deemed an expert in neurology in the court of law. Rendered expert testimony in various aspects of neurology including, but not limited to, neuroanatomy, traumatic brain injury, and neurodegenerative disease. Testified as the plaintiff's expert in a jury trial awarding the largest single plaintiff verdict in the history of Nevada for \$160 million.

Legislative Expert in Neurology

Testified at the State Assembly and State Senate as the first-and-only board-certified Neurologist-Attorney in the state of Nevada on Assembly Bill 424 to provide evidence based brain death guidelines in state determination of death pertaining to Nevada Revised Statutes Chapter 451.

Neurology Defense Expert

City of Henderson

Assist the Henderson Attorney's office in the defense of cases involving neurologic complaints, including, but not limited to brain and spine injuries and their sequelae. 2020 to present.

Life Care Planning – Certified

Certified in life care planning to draft, formulate, and opine on life care plans.

DIRECTORSHIPS & ADMINISTRATIVE ROLES

University of Nevada, Las Vegas

Board of Trustees

Was asked to serve on the board to assist with the oversight of the University. 2025 to present.

Nevada State Board of Osteopathic Medicine

Board Member and Treasurer

Was asked to serve on the board to assist with the oversight of physician licensure and disciplinary actions. 2022 to present.

Valley Health System

Valley Health System Bylaws Committee

Assist the hospital system in the formulation and maintenance of bylaws for this large health organization. 2020 to present.

American Osteopathic Board of Neurology and Psychiatry

Board of Governors

Have a leadership role to guide the organization in the board certification of neurologists and psychiatrists as well as other executive tasks. 2019 to present.

ACGME Grievances & Appeals Committee

Work with the ACGME to address administration, governance, appeals, policies, and procedures. 2020 to present.

AOA NBOME

Neurology Board Examination Author

Write neurology board examination questions to be administered for neurology board certification 2021 to present.

National Football League/Las Vegas Raiders

Neurotrauma Expert

Serve as a neurotrauma expert and neurologist in the evaluation of professional football players in addition to on-field concussion and outpatient follow-up for neurologic sequelae of football injuries. 2019 to present.

WellHealth-DaVita Teacher's Health

Medical Director

Serve as the medical director for large insurance plan to strategize and implement evidence-based care for its large patient population. 2018 to present.

State of Nevada Department of Health and Human Services

Subject Matter Expert, State Disaster Medical Advisory Committee

Serve as the expert for neurologic emergency management on this committee designed to promote state preparedness for medial crises. 2017 to present.

National Football League Concussion Program

Neurotrauma Expert and NFL Program Doctor

Serve as a neurotrauma expert and neurologist in the evaluation of professional football players for neurologic sequelae of football injuries. 2023 to present.

National Board of Osteopathic Medical Examiners

Examination Committee Member

Assist the assessment of medical board examinees in leadership roles, examination question authorship, and evaluation amongst other tasks. 2015 to present.

American Heart Association

President of the Nevada Chapter

Maintained a position on the board of directors to continue to employ and achieve methods to further the community interests of the American Heart Association through leadership meetings and policy implementation and design. 2015 to present.

State of Nevada, Public Defender's Office

Neurology Expert

Work as a consultant neurologist in the diagnosis and management of patients under the care of the State of Nevada. 2016 to present.

UnitedHealth Group

Neurology Consultant

Work with leadership to assess for inefficiencies and create algorithms to deliver optimal patient care. 2014 to present.

Humana

Utilization Committee Member

Work with leadership to assess for inefficiencies and create algorithms to deliver optimal patient care. 2014 to present.

Ultimate Fighting Championship**Consultant Neurologist**

Serve as the primary neurologist in the management and evaluation of athletes participating in mixed martial arts at a competitive level. 2014 to present.

Valley Hospital Medical Center**Medical Director of Comprehensive Stroke Center and Neurology Programs**

Serving as the stroke director for the inpatient stroke service and managed education, protocols, and stroke patient management. 2014 to present.

Centennial Hills Hospital Medical Center**Medical Director of Stroke Center and Neurology Programs**

Serving as the stroke director for the inpatient stroke service and launched the hospital's certification as a Primary Stroke Center. Coordinated education, protocols, and stroke patient management. 2012 to present.

Spring Valley Hospital Medical Center**Primary Stroke Team Member**

Participated in the coordination of management protocols in the care of acute stroke patients. 2012 to present.

Valley Health System**Medical Staff Performance and Peer Review Committee**

Assessed physician performance related issues pertaining to physician professional and personal conduct for this large hospital system. 2013 to present.

Centennial Hills Hospital Medical Center**Medical Staff Performance Committee**

Reviewed hospital and physician performance to improve care and outcomes for this hospital and medical center. 2013 to present.

Centennial Hills Hospital Medical Center**Vice Chief of Medicine**

Provided medical oversight, expertise and leadership with responsibilities of strategy, development, and implementation of policies and procedures for this hospital and medical center. 2013 to present.

Valley Hospital Medical Center**Pharmacy and Therapeutics Committee**

Provided guidance pertaining the implementation of neurology related pharmaceutical agents and therapeutics. 2017 to present.

Valley Hospital Medical Center**Research Committee**

Assist in the supervision of clinical and academic research produced by the residents, across specialties, at Valley Hospital Medical Center. 2019 to present.

Valley Hospital Medical Center**Quality Council Committee**

Work to ensure that residents, across specialties, at Valley Hospital Medical Center continue to comply with up-to-date, evidence based care for patients. 2019 to present.

LECTURES GIVEN

Neuroanatomy as it Relates to Stroke**Touro University College of Medicine**

Student lectures on the diagnosis, treatment, and neuroanatomy of stroke. 2025.

Seizure Detection and Management in the Outpatient Setting**Las Vegas Neurology Center**

Lectured patients on the management and assessment of epileptic seizures. 2025.

Outpatient Management of Traumatic Brain Injury

Family Doctors of Green Valley

Lectured on the imaging, assessment, treatment, and prognosis of traumatic brain injury. 2025.

Phakomatoses

UNLV School of Medicine

Lectured on the diagnosis and presentation of a variety of phakomatoses. 2024.

Optimal glycemic and blood pressure control for stroke prevention

Las Vegas Neurology Center

Lectured patients and their family members regarding the best glycemic and hypertension control practices. 2024

Neuroanatomy of the Central Nervous System

UNLV School of Medicine

Lectured on the various tracts of the central nervous system. 2024.

Treatment and Recognition of Stroke Podcast

Radio MD

Lectured on the treatment and recognition of stroke. 2023.

Optimal Defense of Malpractice Suits

Paul Padda Law

Lectured on the topic of how to optimally defend physicians in malpractice suits. 2023.

Stroke Warning Signs

Medical District, Las Vegas

Lectured the community on the warning signs of stroke and the need for prompt treatment. 2023.

Traumatic Brain Injury

Touro University

Lectured on traumatic brain injury, its diagnosis, and imaging findings. 2022.

Optimal Deposition Techniques for Medical Malpractice Defense

Paul Padda Law

Lectured attorneys on the optimal techniques for medical malpractice defense.

Ischemic Stroke and the Circle of Willis

Touro University

Lectured on the management and treatment of ischemic stroke. 2021.

Hemorrhagic Stroke

Touro University

Lectured on the diagnosis and treatment of hemorrhagic stroke. 2020.

Med-School for Attorneys

Lectured on traumatic brain injury, neuroanatomy, and other neurology topics. 2020.

American Society for Bioethics and Humanities

Lectured on the medical legal perspective of intracranial hemorrhages and traumatic brain injury at this annual conference. 2018

Osteopathic Medical Education Conference and Exposition

Lectured on the diagnosis and management of normal pressure hydrocephalus at this national conference. 2018.

American Osteopathic College of Neurologists and Psychiatrists

Annual Meeting

Lectured on the presentation, diagnosis, and management of normal pressure hydrocephalus. 2016.

Southern Association for the History of Medicine and Science

Health Law Conference

Lectured on neurology and the historical attributes about the field. March 2016.

Valley Hospital Medical Center**Graduate Medical Education**

Provided multiple lectures on various topics on health law and neurosciences to medical students and physicians in a variety of residency training programs. Monthly.

Touro University College of Osteopathic Medicine**Neurosciences Course**

Teach the neuroscience lecture on ischemic and hemorrhagic stroke to the medical students at the university. Annually.

Richard C. Staab Memorial Symposium

Lectured on neurologic emergencies to a large cohort of hospitalist physicians at this annual conference. 2016.

Osteopathic Medical Education Conference and Exposition

Provided a discussion on normal pressure hydrocephalus at this national conference. 2015.

American College of Osteopathic Internists, Cosmopolitan Hotel**Annual Internal Medicine and Hospitalist Conference**

Lectured on neurologic inpatient emergencies and the appropriate code white protocols at this annual internal medicine conference. 2015.

American Osteopathic College of Neurologists and Psychiatrists**Annual Spring Conference**

Lectured on seizure semiology and the location of epileptic foci based upon the clinical presentation of the seizure. 2015.

American Osteopathic College of Neurologists and Psychiatrists**Annual Spring Conference**

Lectured on carotid body tumor presenting as a reversible cause of syncope with a case report and review of the literature. 2011.

United Healthcare and Health Plan of Nevada**Internal Medicine Conference**

Lectured at the internal hospitalist conference on ischemic stroke diagnosis and management. 2014.

Humana Health Care Partners**Internal Medicine and Family Medicine Provider Conference**

Lectured at the internal medicine hospitalist conference on the work up and management of ischemic stroke. 2014.

American College of Osteopathic Internists**Annual Summer Conference**

Presented on Moyamoya disease and Moyamoya syndrome including a case report as well as a review of the literature. 2008.

Valley Hospital System**Stroke Support Group Provider and Lecturer**

Coordinate and lecture to stroke patients and their relatives about stroke and stroke related illnesses. 2012 to present.

RESIDENCY TRAINING

Valley Hospital Medical Center**Neurology Residency**

Was the inaugural resident and completed the residency training program in neurology and served as the Chief Resident during the final year of training. February 2009 – January 2012.

Valley Hospital Medical Center**Internal Medicine Residency**

Completed seven months of the second year of the internal medicine residency prior to commencing the neurology residency. July 2008 – January 2009.

Valley Hospital Medical Center

Internship

Completed an internal medicine internship year and was awarded with the Intern of the Year. July 2007 – June 2008.

RESEARCH TRIALS

C3FIT Post-Stroke Research Study

Site investigator for an ischemic and hemorrhagic stroke study. 2024.

Athira Early Alzheimer's Research Study

Site investigator for a cognitive impairment study. 2022.

Vertex Neuropathic Pain Research Study

Site investigator for a peripheral neuropathy and neuropathic pain study. 2022.

Penumbra Trial Stroke Research Study

Site investigator for a thrombectomy in acute stroke trial. 2022.

Novo Nordisk Cognitive Impairment Research Study

Site investigator for a cognitive impairment study. 2022.

ISPEN Pharma Upper Limb Spasticity Study

Site investigator for a spasticity study comparing Dysport to Botox. 2021.

Novartis Multiple Sclerosis Research Study

Site investigator for a multiple sclerosis study for patients with relapsing and remitting multiple sclerosis. 2021.

Antihypertensive Agent Use in Acute Stroke Treated with Alteplase

Site investigator at Valley Hospital Medical Center Comprehensive Stroke Center. 2021.

UCB Parkinson's Disease Research Study

Site investigator for a Parkinson's disease modifying treatment study. 2021.

Cyclerion Alzheimer's Disease Research Study

Site investigator for an Alzheimer's disease modifying treatment. 2021.

Alzheon Alzheimer's Disease Research Study

Site investigator for an Alzheimer's disease modifying treatment. 2021.

Axsome Study Narcolepsy and Cataplexy Research Study

Site investigator for a narcolepsy and cataplexy disease treatment study. 2021.

Axsome Alzheimer's Disease Research Study

Site investigator for an Alzheimer's disease-related agitation modifying treatment. 2021.

Roche Parkinson's Disease Research Study

Site investigator for a Parkinson's disease modifying treatment study. 2021.

NeurMedix Alzheimer's Disease Research Study

Site investigator for an Alzheimer's disease modifying treatment. 2021.

Lundbeck Multiple Sclerosis Research Study

Site investigator for a multiple sclerosis treatment study.

Triumph/Eli Lilly Migraine Headache Research Study

Site investigator for an Alzheimer's disease modifying treatment. 2021.

Novo Nordisk EVOKE Mild Dementia of Alzheimer's Research Study

Site investigator for an Alzheimer's disease modifying treatment. 2021.

Alexium Myasthenia Gravis Research Study

Site investigator for a myasthenia gravis treatment study. 2020.

Cortexzyme GAIN Alzheimer's Disease Research Study

Site investigator for a study researching Alzheimer's disease. 2020.

AriBio Alzheimer's Disease Research Study

Site investigator for a study researching Alzheimer's disease. 2019.

Aquestive Therapeutics Epilepsy Research Study

Site investigator for a study researching epilepsy. 2019.

Are We Happy Now? Results from Resident Happiness Survey One-Year After Resident Wellness Initiative

Valley Hospital Medical Center Physician Wellness research study. 2019.

Eisai Alzheimer's Disease Research Study with ISWARD

Principal site investigator for an Alzheimer's dementia study. 2018.

Acadia/Insyte Parkinson's with Psychosis Research Study

Site investigator for a study involving the treatment of psychosis in patients with Parkinson's disease. 2018.

Syneos Epilepsy Benzodiazepine Sublingual Research Study

Site investigator for a study involving the assessment of benzodiazepine levels in the sublingual administration of benzodiazepines in patients with epilepsy. 2019.

INSYTE Study (Management of Parkinson's Disease Psychosis in Actual Practice)

Site investigator for research to assess the efficacy of pimavanserin in Parkinson's disease. 2017 to present.

IDEAS (Imaging Dementia-Evidence Amyloid Scanning) Research Study

Site investigator for research to assess amyloid scanning in patients with dementia and mild cognitive impairment. 2016 to present.

Research Co-Coordinator

Valley Hospital Medical Center

Facilitating the study of stroke patients' long-term outcomes after being diagnosed with an ischemic stroke and satisfying the NIH criteria via long term inpatient and outpatient follow up, 2015 to present.

Research Assistant

Venkatachalam Veerappan, MD, Valley Hospital Medical Center, Dept. of Neurology.

Served as a research assistant and co-author of publications comprised of case reports with literature reviews in the field of neurology, 2007 to 2011.

Research Assistant

James Q. Del Rosso, DO, Valley Hospital Medical Center, Dept. of Dermatology. Served as a research assistant and co-author of various publications in the field of dermatology with ongoing projects currently in development, 2006 to 2009.

Research Assistant

Parkash S. Gill, MD, University of Southern California, Keck School of Medicine, Dept. of Hematology and Oncology. Elucidated the role of vascular endothelial growth factor in the proliferation of Kaposi's sarcoma, 2001-2002.

Research Assistant

Hsiao Ping-Moore, PhD, University of California at Berkeley, Dept. of Molecular Biology. Performed research and literature searches to investigate the role of calcium influx, via presynaptic voltage-gated calcium channels, in synaptic transmission mediated by ligand-gated exocytosis, 2001.

Summer Research Fellow

Seth Roberts, PhD. University of California Berkeley, Dept. of Psychology. Participated in the investigation of the correlation between daily activities of living and quality of sleep. Helped create and collect survey data to examine the hypothesis that sedentary lifestyles correlate with poor sleep, 2000.
