

CURRICULUM VITAE

Brent R. Gibson, MD, MPH, CCHP-P
brentgibson@avocetllc.com | 312.905.5736 m
www.avocetllc.com

PROFESSIONAL SUMMARY

Dr. Brent Gibson, a board-certified physician executive, is the founding principal of Avocet Health Partners, a health services consulting firm specializing in improving healthcare delivery for vulnerable populations, particularly those in correctional environments like jails and prisons. An Army veteran with over 20 years of senior leadership experience across government, private, and nonprofit sectors, Dr. Gibson has authored or co-authored 110 professional publications and presentations. He is an Approved Assessor for Healthcare Providers with the Emirates International Accreditation Centre (EIAC), an ISQua-recognized accreditation body based in Dubai, where he conducts assessments of healthcare organizations toward continual improvement of patient care and organizational governance.

He serves as the *pro bono* Chief Medical Officer for Social Purpose Corrections (SPC), the nation's first nonprofit full-service corrections corporation, where his medical expertise guides the development of safe and innovative correctional practices.

In his prior role at the National Commission for Correctional Health Care (NCCHC), Dr. Gibson was the Chief Health Officer and Managing Director of NCCHC Resources, Inc. He was responsible for strategic oversight, advising the CEO and the Board of Directors, and led the development of clinical standards that shaped correctional healthcare nationwide.

At NCCHC Resources, Inc., he led a continuous quality improvement initiative across correctional healthcare programs and grew the subsidiary from inception to approximately one-third of the organization's operating budget within three years.

Dr. Gibson's career includes significant military service, for which he was twice recognized with the United States Meritorious Services Medal. As a General Medical Officer and Occupational Medicine Specialist, he served in various academic and garrison roles, including as the installation medical authority at a major chemical weapons depot. His public health background is reinforced by a graduate degree and residency completed during his active-duty service.

Dr. Gibson serves as a consulting and testifying expert witness in correctional healthcare matters in state and federal courts. His expert work addresses medical negligence, standard-of-care compliance, and quality of care in jails and prisons, for both plaintiff and defense counsel.

Beyond his professional career, Dr. Gibson is dedicated to giving back to the community. He is a Grand Challenges corporate partner with the Dyson School of Applied Economics and Management, SC Johnson College of Business at Cornell University. He connects students with real-world project work that fosters a bridge between academia and industry. His volunteer work reflects a commitment to bridging academic learning and professional practice.

PROFESSIONAL EXPERIENCE

Founder & Principal Consultant
Avocet Enterprises, LLC (DBA Avocet Health Partners)
Chicago, Illinois
2023 – present

- Founded and lead Avocet Health Partners, a consulting firm improving healthcare delivery for vulnerable populations, including incarcerated, homeless, rural, and urban communities.
- Design and implement technical assistance programs integrating clinical expertise and data analytics to strengthen care systems and outcomes.
- Provide expert witness services in correctional healthcare, offering analysis and testimony on cases involving medical standards, negligence, and quality of care.
- Deliver executive coaching and thought leadership through public speaking and collaboration with healthcare stakeholders.
- Drive strategic initiatives promoting sustainable health improvements and adherence to the highest standards of integrity and excellence.

Assessor (Healthcare Providers)

Emirates International Accreditation Centre (EIAC)

Dubai, United Arab Emirates

2026-present

- EIAC Approved Assessor for Healthcare Providers; conduct accreditation assessments against ISQua-recognized standards
- Evaluate healthcare organizations to drive quality improvement, clinical governance, and patient safety across international settings
- Apply specialized expertise in correctional healthcare, occupational medicine, and care of vulnerable populations
- Assess complex care environments where clinical quality and operational accountability must be tightly integrated

Chief Medical Officer (pro bono)

Social Purpose Corrections

Apache Junction, Arizona

2024 - present

- Advising on innovative healthcare models, including SPC's Cost-Plus Performance Incentive approach linking compensation to outcomes and cost efficiency.
- Providing input on STAIR mental health framework (Screening, Triage, Assessment, Intervention, Reintegration) to support comprehensive care and reduce recidivism.
- Consulting on health education initiatives aimed at empowering residents during incarceration and post-release.
- Offering guidance on strategic staffing models to optimize resource allocation and improve care quality.
- Supporting nonprofit correctional healthcare strategy, prioritizing reinvestment in resident and staff well-being.
- Contributing to early-stage criminal justice reform concepts, emphasizing collaborative and dynamic security models.

Chief Population Health Officer

CoreCivic
Brentwood, Tennessee
2022

- Directed population health strategy, care management, and outcome measurement for value-based care delivery as a member of the senior management team.
- Led the transition to value-based healthcare models and execution of population health strategies.
- Developed care management programs including complex case management, disease management, and wellness initiatives.
- Collaborated closely with the CEO of Correctional Medical Associates to implement performance monitoring tools and solutions, focusing on key population health indicators to improve patient outcomes, reduce costs, and increase provider and patient satisfaction.

National Commission on Correctional Health Care
Chicago, Illinois

Managing Director
NCCHC Resources, Inc. (NRI)
2019 – 2022

- Initiated and led NCCHC Resources, focusing on expanding consulting services to enhance healthcare in jails, prisons, and juvenile detention facilities.
- Collaborated with the NCCHC CEO to transform health services toward value-based care models, integrating clinical practices with correctional healthcare needs.
- Developed the Correctional Health Care Management Office, enhancing localized healthcare solutions and strategic support for correctional facilities.
- Directed a comprehensive portfolio of services, including project management, strategic planning, and financial oversight, significantly advancing the organization's mission and financial stability.
- Served as a principal public representative for NRI in correctional healthcare forums.

Chief Health Officer
2016 – 2022

- Provided strategic clinical guidance as part of the executive team, advising on business strategy and clinical operations across the organization.
- Oversaw critical functions, including accreditation, certification, education, and publications, enhancing NCCHC's industry standards and practices.
- Engaged extensively with national organizations and committees, influencing policy and advancing correctional healthcare standards nationwide.
- Facilitated key educational initiatives and represented NCCHC in high-stake national meetings, promoting interdisciplinary partnerships and public health strategies.

Vice President, Operations
2012 – 2016

- Spearheaded operational enhancements and managed the revision of health service standards for jails, prisons, and other correctional facilities.
- Led the organization's premier correctional healthcare conference to record attendance and educational achievements.

- Managed a significant federal grant and implemented critical system upgrades, improving operational efficiency and compliance.
- Served as executive liaison for key committees, driving policy and standards improvements that shaped national correctional health practices.

United States Medical Center for Federal Prisoners, Federal Bureau of Prisons
Springfield, Missouri

Clinical Director
2011 –2012

- Promoted to Clinical Director, a key leadership role within the Bureau, overseeing strategic health service objectives in alignment with the CEO’s vision and national health services leadership.
- Managed compliance with Federal Bureau of Prisons, US Department of Justice, American Correctional Association, and Joint Commission policies and procedures.
- Supervised a diverse team of medical professionals, including physicians, mid-level providers, and dental staff, ensuring high standards of healthcare delivery across the institution.
- Administered health care components of an \$80M budget for healthcare services, optimizing resource utilization and overseeing care for over 1,100 complex medical and custodial cases.
- Established and maintained collaborative relationships with local health systems, law enforcement, and business leaders, enhancing community integration and support.
- Led multiple administrative committees such as Bed Utilization, Utilization Review, and Mortality Review, and managed contracts and consultations with specialty medical providers.

Medical Officer
2011

- Provided comprehensive medical services at the Bureau’s primary Medical Referral Center, specializing in Long Term Care, Mental Health, and Ambulatory Care units.
- Collaborated with institution staff and external consultants in various clinical areas, contributing to a multidisciplinary approach to inmate healthcare.
- Participated in the development and delivery of in-service health education, training mid-level practitioners, nursing staff, and other healthcare professionals.
- Upheld institutional security responsibilities as an integral member of the correctional environment, ensuring safe and effective healthcare delivery.

Vice President of Medical Affairs
Atlas Research, LLC
Washington, DC
2008 – 2011

- Served as a medical executive in a start-up management consulting firm, focusing on health services research, policy, and planning.

- Provided strategic insight into healthcare delivery challenges in both public and private sectors, offering a balanced clinical and executive perspective.
- Managed and provided subject matter expertise for various projects, including the Veterans Health Education and Outreach program and the Policy and Planning Group for the Department of Veterans Affairs Office of Rural Health.
- Supported multiple policies, programs, and studies focused on preventive medicine and population health for a \$26 million program.
- Acted as executive sponsor and technical lead for a US Dept. of Health and Human Services project, designing a real-time data integration platform for hospital Emergency Department Information Systems.
- Served as a physician subject matter expert on projects related to clinician training, medication management, women’s health, and physical rehabilitation services.
- Took on increasing responsibilities for corporate governance and business development, including initiating process improvement initiatives and developing “tiger teams” for target client agencies and vertical markets.
- Codified the firm’s approach to bid and proposal writing and spearheaded its first Joint Venture.

Occupational Medicine Physician
 St. John’s Health System
 Springfield, MO
 2008

- Served as an occupational medicine physician at a freestanding clinic within a large hospital-based health system, serving a multi-county area with a population of approximately 400,000.
- Provided care to a broad variety of industries, including automotive, transportation, healthcare, education, rubber products, food and beverage, entertainment, chemical, and local government.
- Also served as the Medical Director of St. John’s Corporate Health in Springfield and the surrounding area.
- Led preventive medicine services for local businesses, including strategic planning, team building, liaison activities, research, analysis, and writing for specific initiatives.
- Conducted medical surveillance and marketing activities.
- Supported the development of an occupational and preventive medicine service line concept.
- Conducted a critical appraisal of the local health status group report (health risk appraisal output).
- Conceptualized local occupational medicine dashboard metrics.

United States Army

Occupational Medicine Instructor/Writer
 U.S. Army Medical Department Center and School
 San Antonio, TX
 2006 - 2008

- Provided instruction and curriculum development for Occupational Medicine and Public Health at the Academy of Health Sciences, Army Medical Department Center and School.
- Developed coursework, delivered classroom instruction, and evaluated U.S. and allied foreign military students on all aspects of Public Health and Preventive Medicine in both traditional and field environments.
- Performed clinical duties at Brooke Army Medical Center (BAMC), including employment-related examinations such as fitness for duty, medical surveillance, pre-placement, and exit examinations.
- Served as Acting Chief of the Occupational Medicine Service at BAMC, a large tertiary care medical center and one of only eight in the U.S. Army at the time.
- Supervised two physicians, maintained a focused clinical practice, and provided expert consultative services to a large network of occupational medicine clinics.
- Acted as a regional consultant in Occupational Medicine.

Chief Medical Officer
 U.S. Army, Pine Bluff Arsenal
 Pine Bluff, AR
 2002-2004

- Served as the Installation Medical Authority for a large industrial complex specializing in the secure storage of weapons of mass destruction and conventional munitions manufacturing and storage.
- Functioned as the installation's only physician, responsible for all clinical and administrative functions related to general practice and occupational medicine.
- Provided direct oversight of all medical operations, including medical planning and training, clinical care, emergency medical response for complex industrial hazards, and determining medical reliability of workers in critical positions.
- Supervised a physician assistant, a registered nurse, and several technicians and paramedics.
- Performed diagnosis and treatment of non-complicated illnesses and injuries across multiple systems, including respiratory, gastrointestinal, musculoskeletal, cardiovascular, and neurological systems.
- Treated acute minor trauma, including slips, trips, falls, chemical and thermal burns, and other industrial injuries.
- Occasionally diagnosed and treated gynecologic and pediatric patients.
- Responsible for routine interpretation of laboratory results and conducting occupational employment examinations (e.g., fitness for duty).

REPRESENTATIVE MEDICAL EXPERT ENGAGEMENTS

Plaintiff Matters

1. Scott v. Precythe et al. – Inappropriate medical support for use of force to include riot control agents and restraint systems with subsequent patient death – Ongoing.
2. Storms v. South Carolina Department of Corrections, et al. – Negligence and civil rights violations involving alleged failures in recognition and management of patient safety and acute medical deterioration in custody. Ongoing.

3. Colely, Lindsay & Shelton v. District of Columbia – Putative class action alleging systemic deficiencies in medical care delivery at a 1,200-bed correctional facility. Ongoing.
4. Griffith v. Quality Correctional Care (Indiana) — Death in custody involving suicide risk assessment, monitoring, and system-of-care issues. Consulting expert. Ongoing.
5. Bonilla v. Gerlach (Oklahoma) — Death in custody regarding provision of elder-appropriate care. Testifying expert. Resolved by settlement.
6. Brooks v. VitalCore (Vermont) — Case involving neurological deterioration, diagnostic evaluation, and escalation of care. Testifying expert. Ongoing.
7. Geider v. GEO (Pennsylvania) — Death in custody related to identification and treatment of severe cardiac disease. Testifying expert. Ongoing.
8. DeMaio v. Acadia Healthcare (Arkansas) — Case involving abuse of a vulnerable minor and institutional supervision and safety systems. Testifying expert. Ongoing.
9. Lewis v. New York City (New York) — Complex class action litigation related to deprivation of recreation for inmates. Ongoing.

Defense Matters

10. Hopkins v. Corizon (New Mexico) — Incident of wrongful death and alleged medical neglect. Testifying expert. Resolved by settlement.
11. Kostek v. Burlington County (New Jersey) — Care for Correctional healthcare operations and systems of care. Testifying expert. Ongoing.
12. Bennett v. Carter (Indiana) — Conditions of confinement; Legionella exposure / Legionnaires’ disease. Consulting expert. Resolved by settlement.

Selected Court-Appointed and Systemic Oversight Work

13. Balla v. Board of Correction (Idaho) — Consultant in decades-long class action challenging prison medical and mental health care. Involved in system-wide compliance, mortality review structures, and termination of federal oversight. Resolved by settlement.
14. Christensen v. Milwaukee County (Wisconsin) — Consultant and monitor in multi-year municipal and correctional healthcare litigation. Ongoing.
15. Murray v. Santa Barbara County (California) — Consultant in complex federal litigation involving county correctional healthcare systems. Ongoing.
16. Lippert v. Jeffreys (Illinois) — Consultant in long-standing class action challenging systemic medical and dental care failures; resulted in consent decree and long-term monitoring. Ongoing.

Other Expert Engagements

17. United States v. Rahm (Arkansas) — Consulting medical expert in federal criminal sentencing matter involving medical and health considerations. Resolved in Sentencing.

VOLUNTEER ACTIVITIES

Grand Challenges Corporate Partner
Dyson School of Applied Economics and Management
SC Johnson College of Business
Cornell University
2024 – present

- Actively participates in the Grand Challenges Corporate Partner program at the Dyson School of Applied Economics and Management, SC Johnson College of Business, Cornell University.
- Connect students with real-world project work, bridging the gap between academic learning and practical experience.
- Ensure students gain valuable insights into the complexities of business and project management.
- Facilitate collaborations between academia and industry, contributing to a dynamic learning environment.
- Help students apply theoretical knowledge to actual business challenges, fostering innovative solutions to real-world problems.

Committee Member
National Commission on Correctional Health Care (NCCHC)
Certified Correctional Health Care Professional – Clinical Provider
2015-Present

- Founding Committee Member, contributing to the development and refinement of NCCHC standards for correctional healthcare tailored to clinical providers
- Certified Correctional Health Care Professional – Clinical Provider (CCHP-CP); maintain active certification grounded in NCCHC standards
- Apply NCCHC standards within the certification framework (individual competency), distinct from organizational accreditation processes
- Provide subject matter expertise on clinical care, governance, and operational accountability in correctional health systems
- Focus on system-level performance and quality in complex carceral care environments

OTHER PROFESSIONAL EXPERIENCE

Adjunct Assistant Professor
Georgetown University School of Nursing and Health Studies
Washington, DC
2008 – 2010

- Performed graduate-level instruction, curriculum development, and research.
- Provided students and peers with a physician executive's perspective on the modern US healthcare system.
- Designed and delivered curricula, lectures, and projects based on experience in both public and private sector clinical and administrative positions.

- Brought specialized experience and expertise in regulatory compliance of military medical support programs.

Associate Medical Director
Becker and Associates Consulting
Washington, DC
2006

- Served as the Associate Medical Director for a professional management consulting firm.
- Contributed clinical and epidemiology expertise to client assignments for FDA-regulated products and reimbursement matters.
- Supported project work related to medical surveillance programs and industrial hygiene

PROFESSIONAL CERTIFICATION HISTORY

Unrestricted Medical License: Missouri
Retired Medical License: California
Inactive Medical License: Indiana

American Board of Preventive Medicine – Occupational Medicine
2007-2029

Certified Correctional Health Care Professional – Clinical Provider
2015-present

American Society of Association Executives – Certified Association Executive (CAE)
2019-2022

PROFESSIONAL TRAINING

Occupational and Environmental Medicine Residency, National Capital Consortium (Walter Reed Army Medical Center, National Naval Medical Center, Malcolm Grow United States Air Force Medical Center), Washington, DC
2004-2006

Transitional Year Internship, Madigan Army Medical Center,
Tacoma, WA
2001-2002

EDUCATION

2005 M.P.H., Uniformed Services University of the Health Sciences
Bethesda, MD

Health Services Administration Track (Specific training in health systems, health care law, health care financial management, qualitative assessment/improvement in health care, and decision making in health services.)

2001 M.D., Medical College of Georgia, School of Medicine

Augusta, GA

1997 A.B., Cornell University, College of Arts and Sciences
Ithaca, NY
Distinction in all subjects
Major in Biological Science
South Asian Studies Concentration

SELECTED HONORS AND RECOGNITIONS

United States Meritorious Service Medal (two awards)
United States Army Commendation Medal (two awards)
Elected Fellow of the American College of Preventive Medicine
2007 AMA Foundation Leadership Award
Delta Omega National Public Health Honor Society
Phi Beta Kappa
Arkansas Capitol Citation
Arkansas Traveler Award
Raymond P. Ahlquist Award for Pharmacology and Toxicology
Elmer Markham Johnson Prize for English writing
Cornell University Dean's List
Golden Key National Honor Society
Phi Kappa Phi National Honor Society

PREVIOUS PROFESSIONAL AFFILIATIONS

American Society of Association Executives
American College of Preventive Medicine
American Medical Association
Association Forum of Chicagoland

PREVIOUS ACADEMIC APPOINTMENTS

- Adjunct Assistant Professor, Georgetown University, School of Nursing & Health Studies, 2008-2010
- Teaching Fellow, Uniformed Services University of the Health Science, Department of Preventive Medicine and Biometrics, 2005-2008

OTHER CERTIFICATIONS, EXPERIENCE, AND TRAINING

Specialized Training

Advanced Cardiac Life Support
Federal Bureau of Prisons Principles of Leadership
Federal Bureau of Prisons Introduction to Correctional Techniques, Phases I and II
Medical Effects of Ionizing Radiation
Medical Management of Chemical and Biological Casualties

Toxic Chemical Training Course for Medical Support Personnel
Army Medical Department Officer Basic Course
Combat Casualty Care Course
Family Advocacy Staff Training

Previous Committee Assignments and Other Administrative Experience

Invited Member, Practitioner Panel (Leaders in Justice Settings) - Joint Community Opioid Innovation Network
Co-liaison, NCCHC Policy and Research Committee
Chair, Utilization Review Committee, United States Medical Center for Federal Prisoners
Department of Defense Liaison Member of Toxic Substances Control Act Interagency Testing Committee
Chair, Case Review Committee, Pine Bluff Arsenal
Secretary, Association of Preventive Medicine Residents
Chief Resident, National Capital Consortium, Occupational and Environmental Medicine Residency
Medical student ethics small group facilitator, School of Medicine, Uniformed Services University of the Health Sciences
Transitional Year representative to the Institutional Coordination Committee, Madigan Army Medical Center
