Dear Dr. Evans,

I wanted to take this opportunity to thank you for efforts with respect to our client and assisting in securing his pretrial release. Your opinion concerning the potential health problems that an extended time of confinement could exacerbate was incredibly valuable and assisted the Court in making a determination that pretrial release was appropriate. Your promptness, professionalism and attention to detail – as well as your willingness to meet with our client virtually – made our goals far more attainable. I very much look forward to working with you in the future.

Very truly yours,

Brenden T. Shur, Esq.

Re: *Dr. Nathaniel Evans*

To Whom It May Concern:

My name is Anand Swaminathan; I am a partner at Loevy & Loevy, one of the largest civil rights law firms in the country. I highly recommend Dr. Nathaniel Evans as a medical expert in correctional healthcare cases.

I have worked with Dr. Evans on several cases now, most recently a case involving a detainee who died in the Baltimore City Detention Center after she suffered stroke symptoms for three days without treatment. Dr. Evans provided opinions regarding the failure to meet the standard of care by the doctors and nurses that had encounters with the decedent, and his work was thorough and compelling. He is willing to review large amounts of material, and capably synthesizes it into well-reasoned opinions in his report.

Dr. Evans is also a strong witness at depositions, and an effective witness at trial. He is willing to put in the preparation and work to give strong testimony in front of a jury.

For those who are interested in discussing Dr. Evans' work, please do not hesitate to reach out. I recommend him highly.

Sincerely,

Re: *Kelsey Smith, Adm. of the Estate of Dalynn Kee, and on behalf of her Next of Kin v. County of Macon, et. al.*, U.S. Dist. Ct. for the Cent. Dist. of Illinois, Urbana Div., Case No. 20-cv-02203

Dear Dr. Evans:

I am writing to inform you that this case has been settled for the insurance policy limits of Macon County and Crossing Healthcare as well as personal contributions from some of the medical defendants. I am certain that the favorable outcome was influenced by the quality of the expert witnesses, including you, who assisted me in this case.

Thank you for your assistance in this matter. If you have any questions, please give me a call.

Very truly yours,

Frederick J. Schlosser
