CAREER SUMMARY

I am a hands-on practicing Physical Therapist, and the majority of my time is spent working in the PT Industry. I possess highly developed knowledge, skill, experience, training, and education in physical therapy. In 2011, I obtained a Doctorate Degree in Physical Therapy (DPT) with emphasis in Executive Private Practice Management from the EIM – Institute of Health Professions, to complement my undergraduate Clinical Degree in Physical Therapy (Ithaca College, 1987). In May 2002, after working in several prestigious clinical practices in the Northeast and obtaining a Master's in Business Administration (2001), I purchased a local fitness studio in Manalapan, New Jersey. Game Shape Fitness Center was an exclusive one-on-one personal training facility combined with a fitness membership clientele. In June 2002, I opened the highly regarded physical therapy facility, known as Professional Sports & Orthopaedic Rehabilitation Associates, LLC, inside of the Game Shape location. In 2011, I was nominated for the respected Athena Award for my commitment to my community and the advancement of women in business. In 2017, I merged the two businesses into Game Shape Physical Therapy & Fitness Center and sold the practice after 21 years, in September 2023. I have always consistently risen through increasing levels of responsibility within the rehabilitation services industry. I possess over 38 years of “hands-on” clinical experience specializing in orthopedics and sports medicine. I am truly dedicated to my profession and committed to helping my community.

PROFESSIONAL EMPLOYMENT

Oct 2023 – Present

Concierge Home Care PT

Self-employed Doctor of Physical Therapy working as a Concierge Physical Therapist in people's homes. Concierge PT is a cash-based business in Central NJ..

May 2002 – Sept 2023

Professional Sports & Orthopaedic Rehabilitation Associates, LLC dba Game Shape Physical Therapy & Fitness Center CEO / Owner / Physical Therapist

Acquired an existing personal training business in May 2002 and completed extensive renovations in 2003, 2016, and 2022. Established a full-service physical therapy company in 2002, which now employs 3 Doctors of Physical Therapy, and 10 - 12 employees overall. There is an Upper Management Team, who reports to me and manages all the daily operational activities. My time is primarily divided between patient care, weekly staff meetings with the DPTs, and evening calls with the management team. We have developed a base of over 265 referring physicians in the tri-state area and see over 12,000 patient visits per year. Visit: www.GameShapeOnline.com
